

Here are some issues:

Stacked charts borders are double:

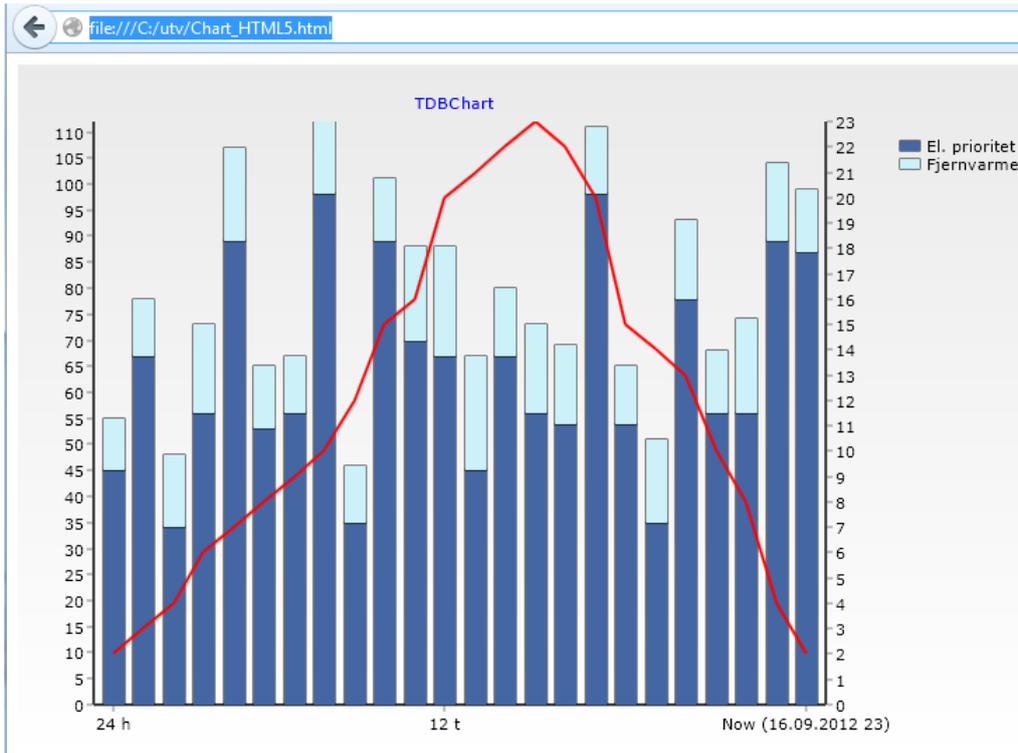

Bottom border is drawn inside the bottom axis:

If border is e.g. red this is not good.

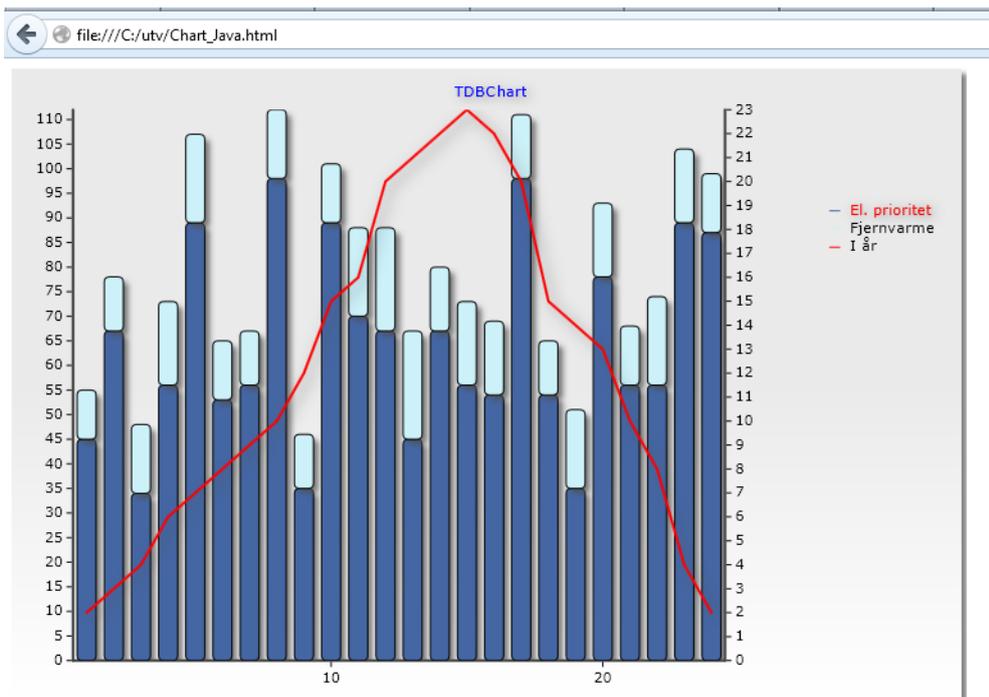

HTML5 chart:

Issues

HTML5 top of one bar is missing:

Java script:

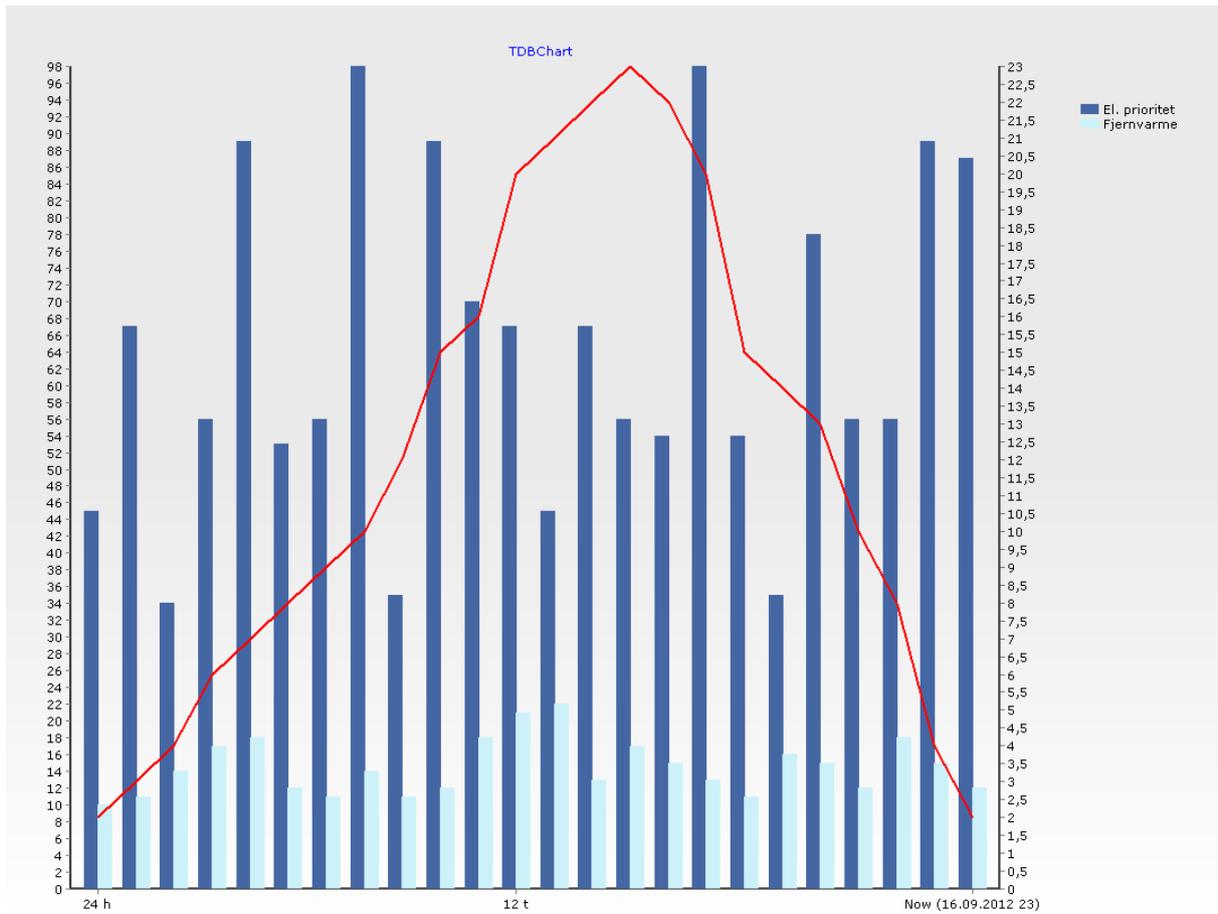

## Issues

Show in legend property is not exported

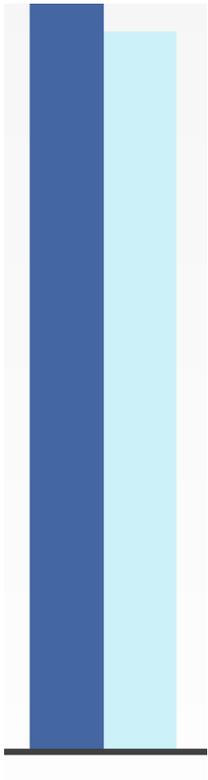

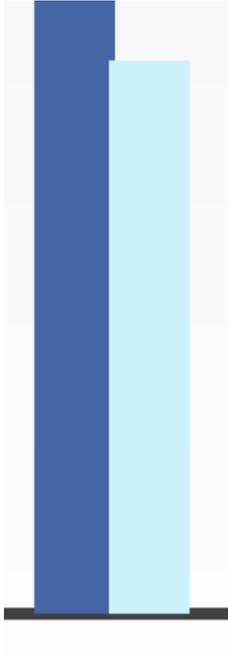

The bottom axis has wrong values

Rounded bars do not look good stacked

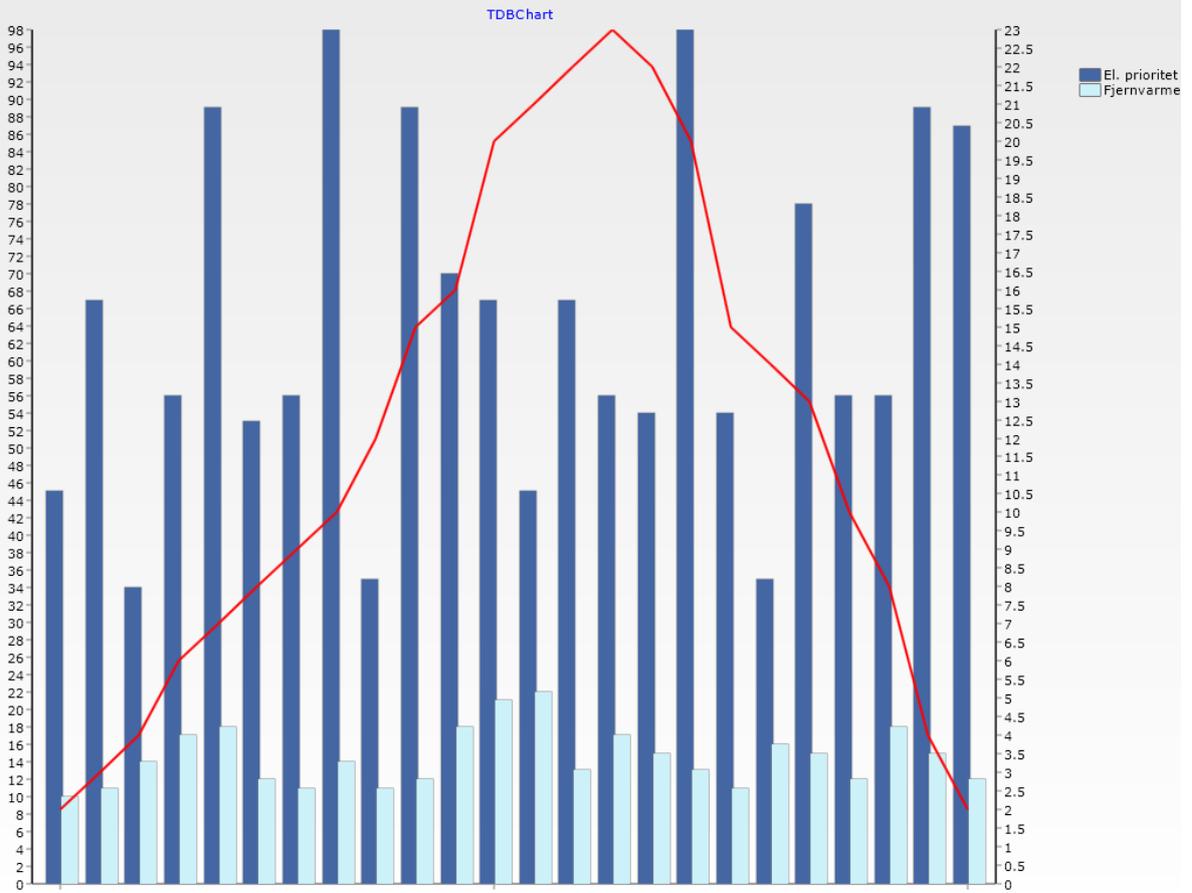

### Series without border:

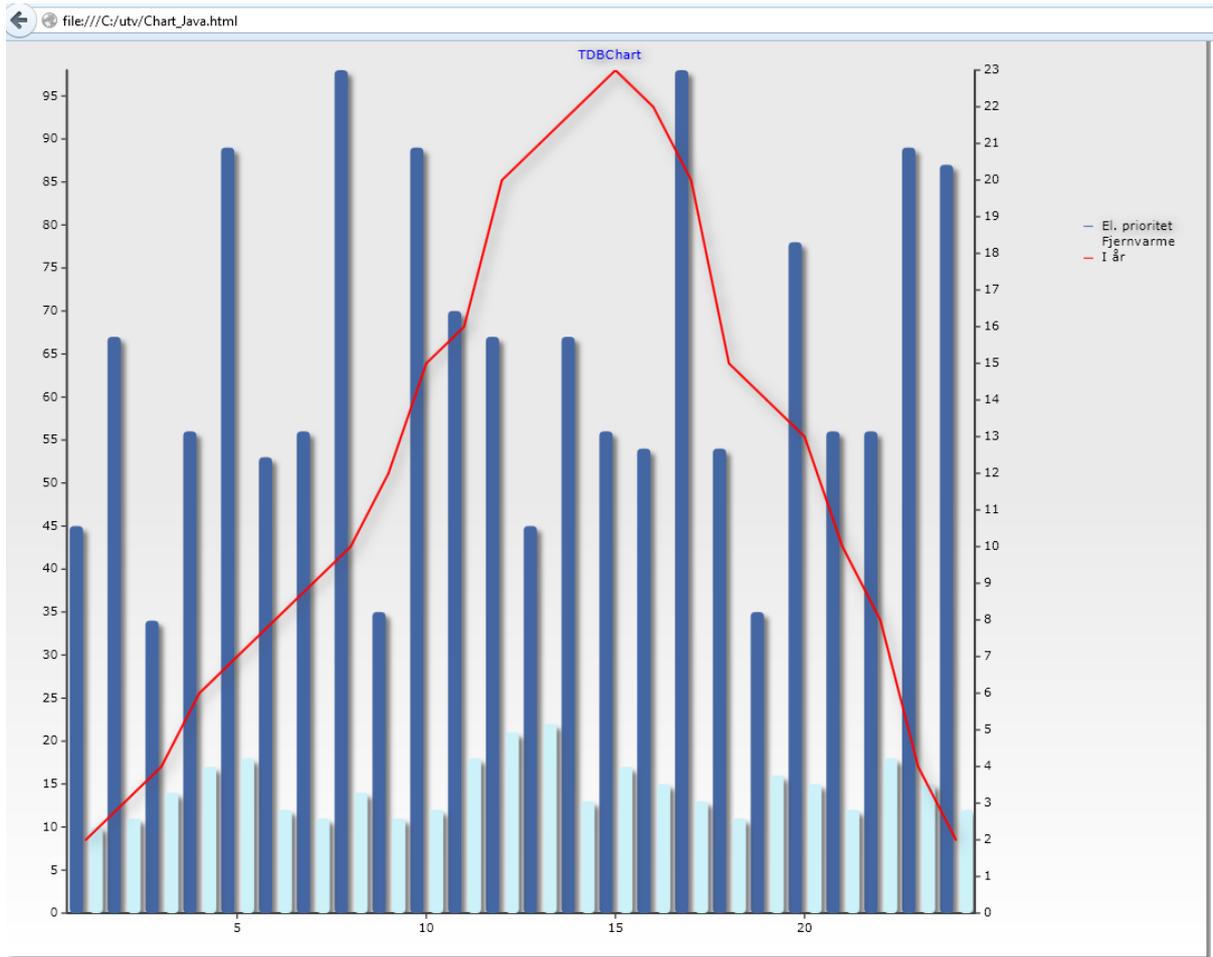

Very difficult to make them look good.

Should be like this:

Bottom of bars is worst.
